

# Map of Branch County, Michigan - 2018

The areas in black are where easements have been signed to DTE for 'wind, but not limited to...'

These are those that DTE has turned in to the Register of Deeds. There may be more land signed off that DTE has not registered yet. These easements are public knowledge.

Note the pattern of DTE 'wind' easements and pipelines.

Gas Pipeline ———

Oil Pipeline ———

Easements ■■■■

Industrial wind turbines should not be near the homes and property of non-participants

Fracking for oil and natural gas destroys the soil, air, and water. Nuclear energy produces nuclear waste and is dangerous.
